Nothing ever dies. True love never changes. Nothing ever dies. Life is Eternal.

You, as you appear, simply shed your mortal encasement. There will never be a day when you are not loved, in love, as love. This is Ultimate Reality. Nothing is ever lost. Nothing that you have loved ever dissolves. Each offering of love in life is holy. For it is of your True Self. Do not believe because outer forms change that something or someone is lost. This mortal encasement is temporal. But your actions here create your future. The incoming events that you appear to encounter. There is a tender beauty unseen. A Divine Plan. An Eternity within everything that appears changes outer form.

Therefore, do not fool yourself. Do not say "None of this matters. It is all temporal, it is all empty. Nothing I do matters." Quite the contrary. Emptiness is fullness of God. God is Omniscient Love. All Pervading Reality. Subsequently, it is Omniscient Love that put you here, Omniscient Love that cares for you, and All Pervading Choiceless Reality that defines "YOU". You are loved immensely. This very moment. And there will never be a time when you are not loved. This is both personal and impersonal. Eternal All Pervading Love appears in the form your heart loves. If you have surrendered yourself. The ego loves to say "Everything is change so why try to do anything?" This is delusion. Your job is to love alleviate suffering of others, and become an embodiment of loving-kindness. A splendor, a glory, then arises.

That is when Reality will reveal the light brighter than a thousand suns. The light that is behind all form. The love, the compassion, that is Eternal. You become close to your True Nature through compassion. You become bright and shining to all. As you surrender to Correct Living you do not participate in things of a vile or harmful nature. You forget anger. Hidden motives. Gossip. All of it. You become a bigger person. A more gracious person. You know who You are. You allow your True Nature hidden by the clouds to emerge. You do not become a doormat, allowing others to walk on you. You perform Right Action and do not cultivate hate. For You are Full of God. Presence. When the Unseen World, the world of beauty, compassion, joy, reveals itself to you, you become a different person. You can harm no living thing.

Therefore, you cannot Unfold by telling yourself 'all is temporary illusion', and not change the kind of person you are. All that matters is what you are. The way you treat people. What you say. How you leave the world for being here. What is hidden in your heart. This alone reveals your true spiritual stature. Know this and be Free. ”
