"Happiness is the substratum of your existence. Happiness, Compassion is your True Nature."

Robert Adams, the gentle yet serenely effortlessly commanding teacher of Compassion, developed his Institute for the sole Transmission of his unique, joyous personal Message of transcending pain for the joyful life, in a 'bright and shining' application of the ancient wisdom's, through contemporary life. With touching grace, ethereal compassion, humor and a rare purity of heart, his three decades of transmitted, completely extemporaneous Messages (link) creates an instant elevation within the listener, suddenly perceiving the divine presence of love as if gently awakening.

Robert Adams experienced exalted awareness of Divine Presence and perception of the all encompassing force of Divine Love since childhood, as described in detail in the book, The Silence of the Heart. Accredited with originally introducing the ancient, gentle art of Self Inquiry (link to the art of gentle Self Inquiry) advocated as a daily way of life to reduce suffering and break the bondage of living a limited life of joyless 'cyclic problems', he teaches 'a kinder, gentler' offering of beautifully potent practices, techniques, and lifestyle enabling us to immediately experience God manifesting through us, living by the laws of Love, Compassion, and Humility.

The international family of Original Online Lesson Student Course (link) Students enjoy a full pure, original Discourse each Thursday evening together, with the instructions on application, counseling, and beautiful brotherhood that Robert emphasized so genuinely.

Happiness is Your True Nature. How? It is the substratum of your existence. You have simply identified with what is transitory. A simple speaker, his words speak for themselves in the direct experience of each individuals peace and inner transformation. After confirming his remarkable experiences with the teacher

represented in the movie, 'The Razors Edge', Ramana, he was constantly requested to share the source of his stunning peace, ethereal gentleness, compassion, and radiance with others.

Refusing to charge money or move into exclusive, reclusive environments, he proved that anyone could manifest the joyful, 'Ever Awakening Life', through his original, specific unchanged directives. In his Lesson Series of profoundly inspirational extemporaneous transmissions that instantly elevated the perceptions of all who listened, he has changed hundreds of lives and continues to do so today. Truly Awaken to your True Self. Timeless. Beautiful. Compassionate. Loving. Divine.

"Without a pure heart, and good intentions, you cannot progress." A mystic, poet, music lover, animal and children's rights protector, his humble offering emerging to all audiences only once or twice a week, a rare jewel of purity in a world of generalities, a multitude of spiritual offerings, and self obsessions. Here, we return to our True Selves.

Simple yet heart melting, defenses are dissolved as the Truth of Love permeates existence. Surrounded by misinterpretations and requests for representation, refusing to charge for events or his council, he formed The Institute for Compassionate Living per his precise directives for preservation of the potency and purity as his sole source of transmission."

I slept and dreamt that life was joy, I awoke, and saw that life was Service I acted and behold, Service was Joy.

Finding Peace in an Unsteady World

A contemporary Westerner, he lived a suburban family life, radiating a disarming ethereal beauty, peace and kindness that instantly uplifted inner perceptions. Renowned for introducing the ancient art of compassionate Self Inquiry, revealing the Compassion, Joy and Truth within, to the West at large, he vehemently and constantly refused to limit himself to one label, religion or orientation. A new generation presents his original, pure Message of Joy through Compassion, after spending a lifetime with him.

"I do not just teach Vedanta, but the heart of love, devotion."

He freely, compassionately and with great gentleness counseled people from all faiths and all walks of life, from 'sixties experimenters' to 'twenty something's'. Many projected their own needs, generational projections, and images of their generation and lifestyle unto him, yet he remained a gentle man of Love, Compassion and Humility, first and foremost, emphasizing that the most powerful, quickest transformational force above all is of Love, Compassion, and Humility.

Firm, solid behavioral guidelines and daily living guidance to create joy separates this offering from a new age synthesis of non specifics. Here we find the true power of inner transformation. Transcendence. The beauty of life. The alleviation of suffering.

A new generation that resided with this 'St. Francis of the West' chosen by him now carries on this joyful purity with the love it was given. He consistently remained unaffiliated with anyone outside of his selection in his own Institute, refusing individual attempts or claims to portray, interpret, or advise on his own Teaching. His lineage continues his unchanged format per instructives. Due to the stunning beauty and depth of his continuing Message beyond the introductory Silence of the Heart, many seek out the continuing full Discourse Lesson Course, formulated by Robert Adams, offering the primary requested selection of deeper, multi layered powerful techniques, and complete explanatory Teaching precisely in this loving teachers own words.

"This has been my experience. Try it and see if it works for you."
